SPECIAL SUPPLEMENT to the TUFTS UNIVERSITY HEALTH & NUTRITION LETTER

A

Abdominals, weight lifting and, Jun. 8
 Absolute risk, Jun. 5
 Aerobic capacity, aging and, May Sup. 3
 Age, Body Mass Index (BMI) and, Nov. 2
 Age-related eye disease, supplement for, Aug. Sup. 2
 Age-Related Eye Disease Study (AREDS), Apr. 1
 Age-related macular degeneration (AMD), Apr. 1–2
 Aging
 aerobic capacity and, May Sup. 3
 basal metabolic rate and, May Sup. 2
 blood pressure and, May Sup. 3–4
 blood-sugar tolerance and, May Sup. 3
 body fat percentage and, May Sup. 2–3
 body regulation of internal temperature, May Sup. 4
 bone density and, May Sup. 4
 cholesterol/HDL ratio and, May Sup. 3
 healthy, Mar. 3
 muscle mass and, May Sup. 2
 muscle strength and, May Sup. 2
 Alcohol, mixing, with diet sodas, Aug. 7
 Alzheimer's disease
 exercise in delaying onset of, Mar. 6
 genetics and, May 3
 juice as preventive, Dec. 8
 Mediterranean diet in reducing risk of, Jul 1–2
 middle-aged spread and, Jul 2
 Amaranth, in diet, Nov. 4
 American Heart Association (AHA)
 on benefits of soy protein, Apr. 8
 Diet and Lifestyle Recommendations of, Aug. 1–2
 diet recommended by, Jan. 2
 publication of 43 Healthy Soul Food Recipes, Aug. 3
 Anti-aging products, evaluation of, Apr. 8
 Antibacterial soaps, versus soap, Jan. 6
 Antioxidants
 ease of breathing and, Jun. 1–2
 in fighting macular degeneration, Apr. 1–2
 prostate cancer and, May 7
 skin care and, Apr. 7
 Apple-cider vinegar, Aug. Sup. 3
 Apples, eating the peel of the Red Delicious, Aug. Sup. 3
 Arthritis
 cherries as remedy for, Feb. 7
 exercise in preventing, Mar. 3
 Asian paradox, green tea as factor in, Sep. 3
 Aspartame, cancer and, Jun. 3

B

Back pain, yoga in treating, Feb. 3
 Barley
 in diet, Nov. 4
 FDA approval of claims, Mar. 1–2
 Basal metabolic rate (BMR), aging and, May Sup. 2
 Belly fat, weight lifting and, Jun 8
 Beta-carotene
 benefits of supplementation of, Aug. 2

lung benefits of, Jun. 1–2
 Beverages, guidelines on, Jun. 6
 Bioaction plan, building, May Sup. 4
 Bird flu, Nov. 7
 Blood pressure. See also Hypertension
 aging and, May Sup. 3–4
 short walks in controlling, Dec. 3
 “taking five” in lowering, Jul 3
 Blood-sugar tolerance, aging and, May Sup. 3
 Body fat
 aging and percentage of, May Sup. 2–3
 differentiation between muscle mass and, Nov. 1
 link to Alzheimer's disease, Jul 2
 Body internal temperature, aging and, May Sup. 4
 Body Mass Index (BMI)
 age and, Nov. 2
 calculating, without computer, Sep. 7
 invention of, Nov. 2
 in looking at GERD, Sep. 1–2
 popularity of, as weight gauge, Nov. 1, Nov. 3
 in predicting heart risk, Jan. 1–2
 as tool in predicting cardiovascular risk, Nov. 1
 Bone density, aging and, May Sup. 4
 Bone health
 calcium and, May 6
 vitamin D and, Feb. 8, May 6
 Bone testing, need for, May 3
 Borg Scale, May Sup. 2
 Brain, B vitamins and folate in benefits for, Sep. 8
 Bread, keeping fresh, Jan. 7
 Breakfast
 eating, in long-term weight loss, Jul 4
 on the run, Dec. 3
 Breast cancer
 keeping weight off and, Aug. 8
 Vitamin D in protecting against, Jul 1–2
 Breathing, antioxidants in diet and ease of, Jun. 1–2
 Buckwheat, in diet, Nov. 4–5
 B vitamins
 brain benefits from, Sep. 8
 in preventing second heart attack, Jun. 1–2

C

Caffeine
 in decaffeinated coffee, Dec. 3
 dehydrating effects of, Aug. Sup. 4
 Calcium
 benefits of supplementation of, Aug. 2
 bone health and, May 6
 marathons and, Apr. 5
 Cancer. See also Colon cancer; Kidney cancer; Ovarian cancer; Prostate cancer
 aspartame and, Jun. 3
 economic benefits of a care for, Jul 3
 historic drop in deaths from, Apr. 3
 making progress against, Nov. 3
 Modified Citrus Pectin in fighting, Feb. 7
 tomato claims in fighting, Jan. 6
 vitamin D as weapon against, Dec. 6
 vitamin D in reducing risks, Apr. 8
 Canola oil, urban legends involving, Jan. 7
 Carbohydrates
 link of risk of vision loss to quality of, Aug. 8
 marathons and, Apr. 4
 shifting, in cutting heart risk, Feb. 1–2
 Cardiovascular benefits, of green tea, Dec. 6
 Cardiovascular risk
 BMI in predicted, Nov. 1
 diabetes and, Sep. 7
 Case-control, Jun. 5
 Cereal
 average consumption of, Feb. 8
 television advertising of, Feb. 6
 whole-grain, for breakfast, in improving lifestyle, Jan. 4
 Cheese, eating mold from, Dec. 7
 Cheeseburgers, long-term health implications of eating, Mar. 7
 Cherries
 nutritional benefits of, Jan. 3
 in protecting against arthritis, Feb. 7
 Chewing gum, weight loss and, Feb. 3
 Chill, getting, in catching a cold, Jan. 3
 Chocolate bars, heart health and, May 8
 Cholesterol
 dietary versus serum, May 4
 as factor in hypertension, Feb. 8
 in game and organ meats, Feb. 7
 HDL levels of, Jan. 1
 policosanols in managing, Aug. 7
 trans fat in increasing level of, Aug. 8
 Cholesterol/HDL ratio, aging and, May Sup. 3
 Chondroitin in treating osteoarthritis, Feb. 1–2
 Chromium
 versus diabetes, Aug. Sup. 3–4
 as glucose-tolerance factor, Aug. Sup. 3
 CocoaVia bar, for heart health, May 8
 Coconut oil, benefits of, Aug. Sup. 1
 Coffee
 decaffeinated, and LDL cholesterol levels, Feb. 6
 link between heart disease and, Jul 8
 Cognitive decline, hypertension and, May 1
 Cohort, Jun. 5
 Colon cancer
 link between diet and, Mar. 1–2
 in WHI study, May 6
 Common colds
 getting a chill and catching, Jan. 3
 ginseng in fighting, Feb. 6
 Concord grapes, nutritional value of, Jun. 7
 Consumer, snacks eaten by, Dec. 8
 Corn, in diet, Nov. 5
 Coronary Artery Risk Development in Young Adults study, Aug. 8
 Coronary heart disease,
 trans fat in increasing risk of, Aug. 8

Correlation, Jun. 5
Couch potatoes, problem of, Feb. 3
Cough medicines, evaluation of, Mar. 3
Cranberries, antioxidants in, in preventing formation of dental plaque and cavities, Sep. 6

D

Daily food allowances, for older adults, Jul 7
Decaffeinated coffee, caffeine in, Dec. 3
Dehydrating effects of caffeine, Aug. Sup. 4
Dementia risk
 midlife exercise in reducing, Jan. 8
 predicting, Nov. 8
Diabetes
 cardiovascular risk and, Sep. 7
 chromium versus, Aug. Sup. 3-4
 trans fat and, Aug. 8
 vegetables in preventing, Aug. 6
Diet(s)
 American Heart Association (AHA) recommendations on, Jan. 2
 Dietary Approaches to Stop Hypertension, Feb. 1, Feb. Sup. 4
 fad, on permanent weight loss, Jul 5
 heart health and, Aug. 1-2
 high-protein/low-carbohydrate, myth on, Jul 5
 link between colon cancer and, Mar. 1-2
 in long-term weight loss, Jul 4
 Mediterranean, in reducing risk of Alzheimer's disease, Jul 1-2
 poor, as cause of health damage, Aug. 8
 reducing sodium in, Feb. Sup1-4
 study of low-fat, Apr. 1-2
 whole grains in, Nov. 4-5
Dietary Approaches to Stop Hypertension (DASH) diet, Feb. 1, Aug. 3
Dietary guidelines, lessons learned from, Feb. 4-5
Dietary habits, following heart attack, Jul 3
Diet myths, facts of, Jul 5
Diet soda, mixing alcohol with, Aug. 7
Doctors, lying to, Apr. 3
Dog walking, weight loss and, Jan. 3
Dose-response relationship between vitamin D levels and breast-cancer risk, Jul 1-2

E

Early retirement, mortality rate and, Jan. 3
Eating out, tips for, Aug. 3
Eggs, benefits versus risks of, May 4-5
Enlarged prostate, saw palmetto for, May 8
Escherichia coli, in salad greens, Dec. 1-2
Estrogen, benefits and risks of, May. 1-2
Exercise
 adding, in improving lifestyle, Jan. 4
 adding daily, Aug. 4-5
 in delaying onset of Alzheimer's, Mar. 6
 effect of music on, Mar. 3
 finding time for, Aug. 4
 midlife, in reducing dementia risk, Jan. 8
 in preventing arthritis, Mar. 3
 regaining efficiency in, May 3
 sticking with, Aug. 5
 tracking progress with, Aug. 5
Eye-care supplement, taking, Aug. Sup 2

F

Fast foods
 determining calories in, Nov. 3

trans-fats in, Jan. 2

Fats
 shifting, in cutting heart risk, Feb. 1-2
 switching, in improving lifestyle, Jan. 5
Fish
 eating more, in improving lifestyle, Jan. 5
 fatty, in decreasing risk of kidney cancer, Dec. 8
 health benefits versus risks of eating, Mar. 4-5
 smoked, Aug. Sup. 3
 "5 a Day" concept, Apr. 4
 in reducing risk of stroke, Apr. 6
Flour, comparison of whole-wheat pastry and regular whole-wheat, Dec. 7
Flu, bird, Nov. 7
Folate
 brain benefits from, Sep. 8
 recommended daily dose of, Nov. 7
Folic acid, benefits of supplementation of, Aug. 2
Food additives, sodium-based, Feb. Sup. 4
Food and Drug Administration (FDA)
 approval of barley claim, Mar. 1-2
 on green tea claims, Jul 3
 ruling on whole grains, Mar. 2, Apr. 3
Food-borne illness, consumption of foods associated with, Jun. 3
Food labels, Dec. 4-5
 in avoiding trans fats, Jan. 1-2
 sorting the science behind, Apr. 3
Foods
 low-energy-density, Nov. 8
 microwaving of, under plastic, Aug. Sup. 3
 nutrient density of, Jun. 3
 soul, Aug. 3
Framington Heart Study, Feb. 8
Fruits
 eating more, in improving lifestyle, Jan. 5
 eating peels of, Aug. Sup 1
 as nutritional bargain, Feb. 3
 as source of potassium, Feb. 5
 sugar in dried, Aug. Sup. 2-3

G

Game meat, cholesterol in, Feb. 7
Gastroesophageal reflux disease (GERD), watching weight in beating, Sep. 1-2
Ginseng, in fighting common cold, Feb. 6
Glucosamine, in treating osteoarthritis, Feb. 1-2
Glucosamine/Chondroitin Arthritis Intervention Trial (GAIT), Feb. 1-2
Glycemic Index, debate about, May 8
Grapefruit diet, myth on, Jul 5
Grapefruit juice, drug effects of, Jul 3
Grapeseed oil, pros and cons of, Apr. 7
Green tea
 cardiovascular benefits of, Dec. 6
 as factor in Asian paradox, Sep. 3
FDA on claims of, Jul 3
Grocery shopping
 need for list in, Sep. 4
 smarter and healthier, Sep. 4-5
Gym, visits to, Nov. 8

H

HDH ("good") cholesterol levels, Jan. 1
Health, making changes in your lifestyle and, Jan. 4-5
Healthy aging, Mar. 3
Healthy eating, changes in information on, Aug. 3
"Healthy Monday" campaign, Dec. 3
Heart attack

B vitamins in preventing second, Jun. 1-2
dietary habits following, Jul 3
Heartburn
 American style, Sep. 2
 watching weight in beating, Sep. 1-2
Heart disease
 decline in smoking and, May 3
 eggs and, May 4-5
 lifestyle factors in fighting in men, Sep. 8
 link between coffee and, Feb. 6
 potassium salt substitute in lowering, Sep. 6
 waistline size and, Apr. 3
Heart health
 chocolate bars and, May 8
 diet and lifestyle in, Aug. 1-2
 estrogen and, May 1-2
 keys to, Nov. 8
 protecting brain and, May 1
 strategies for, Aug. 2
Heart risk
 shifting carbs, protein, and fats in cutting, Feb. 1-2
 waist-to-hip ratio in predicting, Jan. 1-2
Herbal remedies, for menopause, Sep. 3
Herbal weight-loss products, myth on, Jul 5
High blood pressure. See Blood pressure; Hypertension
Holiday season, gift suggestions for, Nov. 6
Homocysteine, second heart attack and levels of, Jun. 1-2
Hormone Replacement Therapy
 benefits and risks of, May. 1-2
 making decision on, May 2
Hydrogenated oils, Jan. 1
Hypertension
 cholesterol levels and, Feb. 8
 cognitive decline and, May 1
 low-fat dairy products in fighting, Sep. 1-2
 plant protein in lowering, Apr. 6
 potassium in reducing, Feb. Sup 3
 reducing sodium in diet in lowering, Feb. Sup1-4
 sleeplessness and, Jul 6

I

Inflammation, cherries as remedy for, Feb. 7
International Study on Macronutrients and Blood Pressure (INTERMAP) Cooperative Research Group, Apr. 6
Iron supplementation, need for, Aug. Sup. 1-2

J

Juice, as Alzheimer's disease preventive, Dec. 8
Juice Plus, minuses of, Aug. Sup. 4

L

Labels. See Food labels
LDL ("bad") cholesterol levels, Jan. 1
 decaffeinated coffee and, Feb. 6
Lifestyle
 in fighting heart disease in men, Sep. 8
 heart health and, Aug. 1-2
 making healthy changes in, Jan. 4-5
Longevity, walking and, Feb. 8
Low-energy density foods, Nov. 8
Low-fat dairy products, in fighting hypertension, Sep. 1-2
Low-fat diet study, Apr. 1-2
Low-fat milk, in improving lifestyle, Jan. 4
Lungs
 link between Vitamin D and strong, Feb. 8

yoga in improving function of, Jul 6
Lycopene, cancer-benefit claims of, Jan. 6
Lycopene Health Claims Coalition, Jan. 6

M

Macular degeneration, antioxidants and, Apr. 1–2
Magnesium, in fighting metabolic syndrome, Jul 8
Marathons, nutrition and, Apr. 4–5
McDonald's
fries of, Apr. 3
trans fats at, Jun. 6
Media translation, of medical-meeting news, Sep. 6
Medical-meeting news, media translation in, Sep. 6
Medications, effects of grapefruit juice on, Jul 3
Mediterranean diet, in reducing risk of Alzheimer's disease, Jul 1–2
Men, lifestyle factors in fighting heart disease in, Sep. 8
Menopause, herbal remedies for, Sep. 3
Mercury, risk of, Mar. 4–5
Meta-analysis, Jun. 5
Metabolic syndrome, magnesium in fighting, Jul 8
Millet, in diet, Nov. 5
Minnesota, ranking of, as healthy state, Mar. 3
Modified Citrus Pectin (MCP), effectiveness in fighting cancer, Feb. 7
Mold, eating, from cheese, Dec. 7
Mortality, correlation of weight and, Nov. 1–2
Mortality rate, early retirement and, Jan. 3
Multivitamins, evidence on value of, Aug. 1–2
Muscle mass
aging and, May Sup. 2
differentiation between body fat and, Nov. 1
Muscle strength, aging and, May Sup. 2
Mushrooms, exposure to ultraviolet light in improving vitamin D in, Jul 7
Music, effect of, on exercise, Mar. 3
MyPyramid, lessons learned from, Feb. 4–5
MyPyramid Blast Off Game, Feb. 5
MyPyramid for Kids, Feb. 5

N

National Health and Nutrition Examination Survey (NHANES), information in latest, Jan. 8
National Heart, Lung and Blood Institute (NHLBI), publication of "Your Guide to a Healthy Heart:", Aug. 3
National Institutes of Health (NIH), on need for multivitamins, Aug. 1–2
National Institutes of Health (NIH) Cognitive and Emotional Health Project, May. 1
Natural weight-loss products, myth on, Jul 5
Negative body image, sexual desire and, Jan. 3
Nevada, obese adults in, Nov. 3
Nutrient density of food, Jun. 3, Sep. 4–5
Nutrition
of baked versus sweet potatoes, May 7
of beverages, Jun. 6
of cherries, Jan. 3
of concord grapes, Jun. 7
of fish, Mar. 4–5
marathons and, Apr. 4–5
pre-event, Apr. 5
Nutrition labels
making the most of, Dec. 4–5
reading, Sep. 3, Sep. 4–5

O

Oats, in diet, Nov. 5

Obesity
missed work and, Jun. 3
as primary risk factor, Jul 3
recognizing in self, Jun. 3
in United States, Aug. 3
Oil-packed tuna, Aug. Sup. 2
Older Americans. See also Aging
daily food allowances for, Jul 7
longevity of, May 3
Olive oil
benefits of, Jan. 5
spraying, from can, Aug. Sup. 2
Omega-3s
benefits of, Mar. 4
sources of, Mar. 5
Organ meats, cholesterol in, Feb. 7
Osteoarthritis, glucosamine and chondroitin in treating, Feb. 1–2
Osteoporosis screening, need for, May 3
Ovarian cancer, tea in protecting against, Mar. 6

P

Parathyroid hormone (PTH) in regulating calcium and phosphorus, Feb. 8
Partnership for Prevention and HealthPartners Research Foundation, Aug. 3
Pedometer, buying, Sep. 3
Physical activity, in long-term weight loss, Jul 4
Plant protein in lowering blood pressure, Apr. 6
Plastic, microwaving of food under, Aug. Sup. 3
Policosanol, in managing cholesterol, Aug. 7
Popcorn, air-popped, Apr. 6
Potassium
dietary guidelines on, Feb. 5
in reducing hypertension, Feb. Sup 3
Potassium citrate, in reducing kidney stones, Sep. 3
Potassium salt substitute, in lowering heart risk, Sep. 6
Potatoes, nutrition of, May 7, Sep. 7
Power to End Stroke movement, Aug. 3
Pre-event nutrition, Apr. 5
Prehypertension, Feb. 1
Prescription drugs, blister pack packaging for, Feb. 8
Preventive medical care, importance of, Aug. 3
Prostate cancer, antioxidants and, May 7
Protein
marathons and, Apr. 4–5
nutrition of soy, Jul 7
shifting, in cutting heart risk, Feb. 1–2
Protocol, Jun. 5
Publications
Biomarkers: The 10 Determinants of Aging You Can Control, May Sup. 1
43 Healthy Soul Food Recipes, Aug. 3
Growing Stronger, Aug. 4
A Healthier You, Feb. 5
"Your Guide to a Healthy Heart:", Aug. 3

Q

Quetelet, Adolphe, Nov. 2
Quinea, in diet, Nov. 5
Quinoa, nutrition in, Jul 7

R

Recipes
Barley and Wild Rice Stuffing, Nov. 7
Chicken and Vegetable Stew, Feb. 7
Crustless Quiche with Spinach and Red Pepper, May 7
Fish with Piquant Tomato Sauce, Mar. 7

Gazpacho, Aug. 7
Mac & Cheese Makeover, Sep. 7
Shrimp Kebabs with Spanish Red Pepper Sauce, Jul 7
Strawberry Shortcake Makeover, Jun. 7
Whole-Grain Energy Bars, Apr. 7
Wholesome Gingerbread Cookies, Dec. 7
Whole-Wheat Pasta with Tomatoes, Sausage, Beans and Greens, Jan. 6
Relative risk, Jun. 5
Research studies
funding of, Jun. 5
as human trial, Jun. 5
institution conducting, Jun. 5
length of, Jun. 5
number of participants, Jun. 5
other experts on, Jun. 5
phase of, Jun. 5
publication information on, Jun. 5
type of, Jun. 4
type of participants, Jun. 5
Restaurant trans-fat ban, controversy over, Dec. 1–3
Retirement, early, and mortality rate, Jan. 3
Rice, in diet, Nov. 5
Roland Disability Scale, Feb. 3
Rye, in diet, Nov. 5

S

Safety, of salad greens, Dec. 1–3
Salad greens, safety of, Dec. 1–3
Salmon, health benefits versus risks of eating, Mar. 5
Salt
in common foods, Feb. Sup 2
converting sodium to, Feb. Sup 1
terminology involving, Feb. Sup 4
Saw palmetto, enlarged prostate and, May 8
Sexual desire, negative body image and, Jan. 3
Shopping, tips for grocery, Sep. 4–5
Shortness of breath, death of, from cardiac causes, Jan. 8
Skin, antioxidants in fruits and, Apr. 7
Sleeplessness
in hypertension, Jul 6
Institute of Medicine research panel on, Jul 6
Smoking
decline in, and heart disease, May 3
as primary risk factor, Jul 3
vegetables in preventing diabetes and, Aug. 6
Snacks
consumer consumption of, Dec. 8
in long-term weight loss, Jul 4
Soap, antibacterial soaps versus, Jan. 6
Soda sales, decline in, May 3
Sodium, converting salt to, Feb. Sup 1
Sodium-based food additives, Feb. Sup. 4
Soul food, Aug. 3
Soy protein
American Heart Association on benefits of, Apr. 8
nutrition in, Jul 7
Special Report
Beyond Brown Rice: 10 Whole Grains to Discover for Your Diet, Nov. 4–5
Eating for Endurance: What You Can Learn from Marathoners, Apr. 4–5
From the Lab to Your Lifestyle: 8 Ways to be Healthier in 2006, Jan. 4–5
long-term weight loss, Jul 4–5
